*Leading manufacturer of thermal circuit protection devices expands market coverage*

JACKSON, MI – November 1, 2005 - Mechanical Products Company (MP) today announced the appointment of Performance Tech 2000, Inc. (PT2K) as its sales representative for the state of Florida, Puerto Rico and The Dominican Republic. Performance Tech 2000 will be responsible for the sale and support of MP supplementary protectors and circuit breakers throughout the territories.

PT2K joins the MP sales team with an experienced group of electrical component sales professionals. Their technical aptitude and solid knowledge of customers and markets within the assigned territories combines with a comprehensive geographic coverage to help assure MP's continued growth in the region. Their proven track record of distributor support throughout the region will further serve to enhance MP's success within the territories.

### **About Mechanical Products**

MP has been a leading supplier of thermal circuit protection since 1943. MP circuit breakers are used in thousands of critical & commercial applications ranging from medical equipment, lighting, communications, appliances, battery operated devices, recreational vehicles and electrical protection equipment. MP has been management owned since 1998, headquartered in Jackson, MI and maintains manufacturing capabilities in the US and overseas.
